

Want it Now OS Commerce shipping module installation instructions.

To begin with, download the zip file containing all of the module files from the Want it Now website and extract it to your local computer.

1) backup the following files in your OS Commerce installation:

OSCOMMERCE\_ROOT\_DIRECTORY/catalog/includes/payment.php

OSCOMMERCE\_ROOT\_DIRECTORY/catalog/checkout\_process.php

OSCOMMERCE\_ROOT\_DIRECTORY/catalog/admin/modules.php

OSCOMMERCE\_ROOT\_DIRECTORY/catalog/admin/includes/functions/general.php

OSCOMMERCE\_ROOT\_DIRECTORY/catalog/admin/includes/functions/html\_output.php

The red /admin/ folder above may be named differently in your installation.

Provided in the zip are files with “.original.” in the file names which will serve as extra backups.

2) upload the contents of the zip file into your OS Commerce installation, overwriting files when asked.

3) log into your OS Commerce administration area and go to MODULES -> SHIPPING.

Then click on the Install Module button at the top-right of screen.

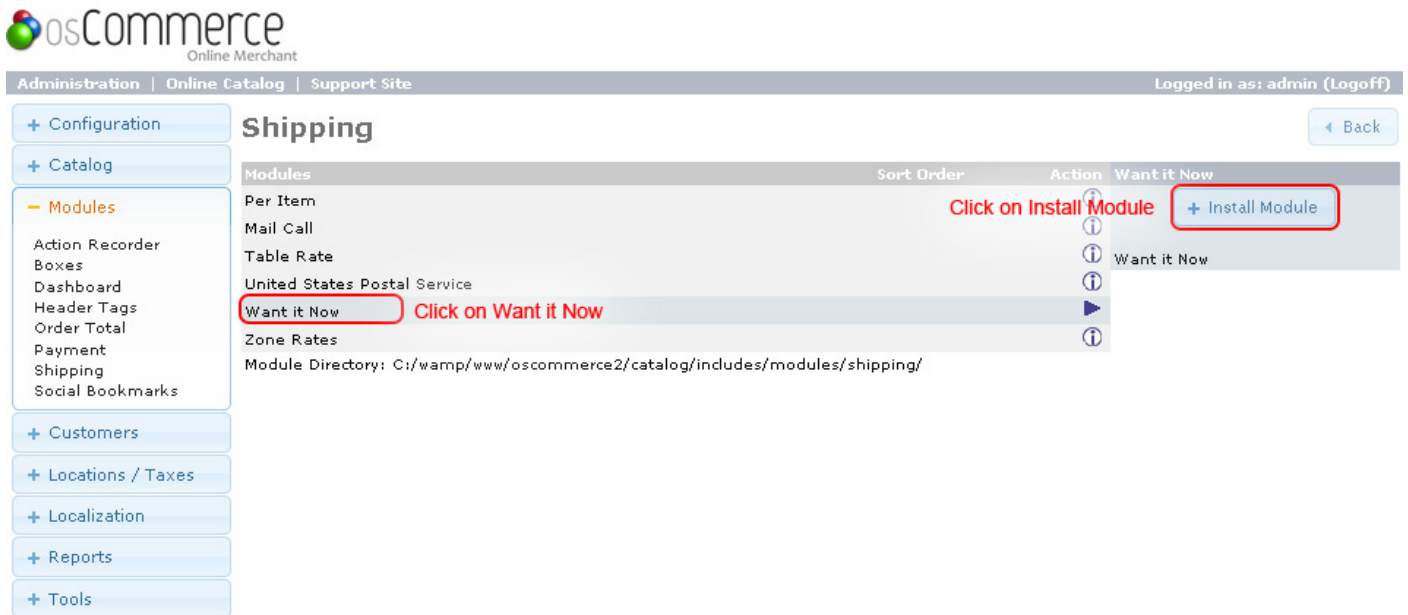

The screenshot shows the OS Commerce administration interface. At the top left is the OS Commerce logo with the tagline "Online Merchant". Below the logo is a navigation menu with buttons for "Administration", "Online Catalog", and "Support Site". On the right side of the top bar, it says "Logged in as: admin (Logoff)".

The main content area is titled "Shipping". On the left side of this area is a sidebar menu with a "Modules" section. The "Shipping" item in this menu is highlighted with a red box and a red arrow pointing to it, with the text "Click on Shipping under Modules" next to it. Other items in the sidebar include "Configuration", "Catalog", "Action Recorder", "Boxes", "Dashboard", "Header Tags", "Order Total", "Payment", "Social Bookmarks", "Customers", "Locations / Taxes", "Localization", "Reports", and "Tools".

In the main "Shipping" area, there is a table with the following columns: "Modules", "Sort Order", "Action", and "Flat Rate". The table contains one entry: "Flat Rate" with a sort order of "0". To the right of this entry are buttons for "Edit" and "Remove Module". Above the table, there is a red text label "Click on Install Module" and a button labeled "+ Install Module (5)" which is also highlighted with a red box.

Below the table, there is a text field for "Module Directory" containing the path "C:/wamp/www/oscommerce2/catalog/includes/modules/shipping/".

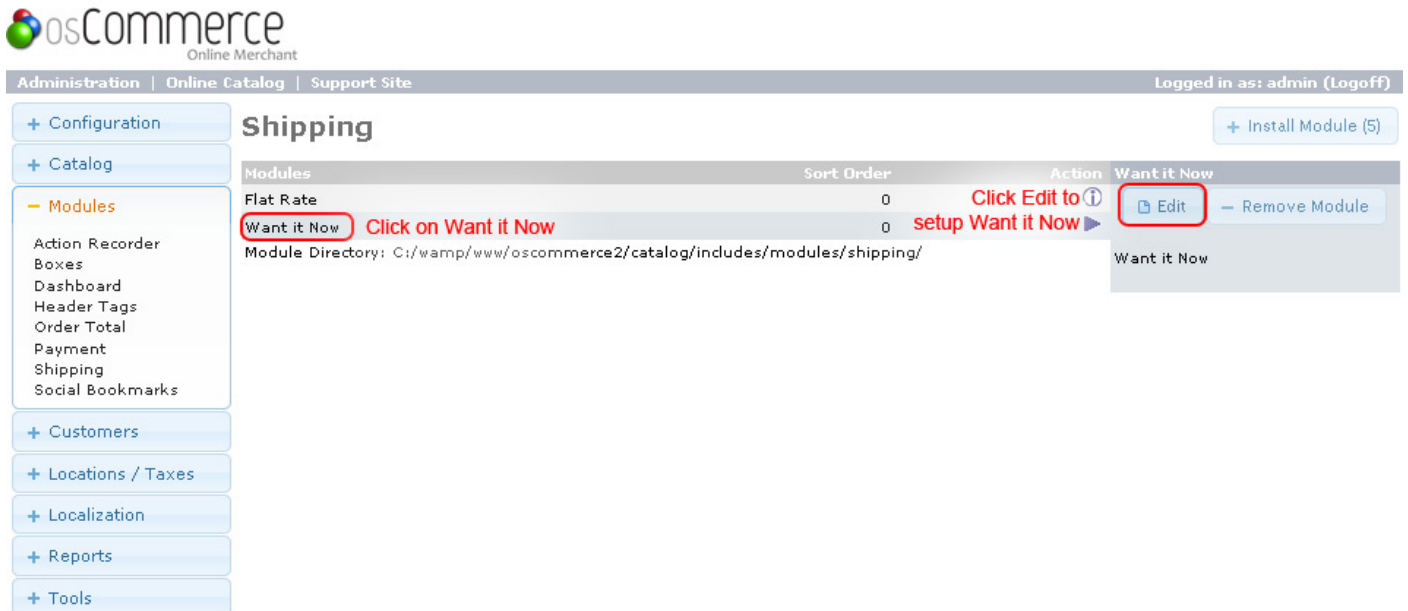

4) In the list of available modules to install, click on Want it Now, then click Install Module at top-right of screen.

The screenshot shows the osCommerce administration interface. The top navigation bar includes 'Administration', 'Online Catalog', and 'Support Site', with a user logged in as 'admin'. A left sidebar contains a menu with categories like '+ Configuration', '+ Catalog', '- Modules', '+ Customers', '+ Locations / Taxes', '+ Localization', '+ Reports', and '+ Tools'. The main content area is titled 'Shipping' and features a table of available modules. The table has columns for 'Modules', 'Sort Order', 'Action', and 'Want it Now'. The 'Want it Now' module is highlighted, with a red box around its name and a red arrow pointing to the 'Click on Want it Now' text. Another red box highlights the '+ Install Module' button in the 'Action' column. A 'Back' button is visible in the top right corner.

Modules	Sort Order	Action	Want it Now
Per Item			
Mail Call			
Table Rate			
United States Postal Service			
Want it Now		Click on Want it Now	Click on Install Module + Install Module
Zone Rates			

5) You will now see the list of active shipping modules in the list. Click on Want it Now and then click Edit at top-right of screen. This will take you to the setting page of the Want it Now shipping module.

The screenshot shows the osCommerce administration interface for the 'Shipping' module configuration. The top navigation bar and sidebar are the same as in the previous screenshot. The main content area displays a table of active shipping modules. The 'Want it Now' module is highlighted, with a red box around its name and a red arrow pointing to the 'Click on Want it Now' text. Another red box highlights the 'Edit' button in the 'Action' column. A 'Remove Module' button is also visible. The 'Want it Now' column shows 'Want it Now' and 'Remove Module' buttons. A 'Back' button is visible in the top right corner.

Modules	Sort Order	Action	Want it Now
